# PLASTIC PACKAGING AND CANS

## Use the **Yellow** bin

### PLASTIC

- Disposable plastic plates and glasses
- Bottles for water, soft drinks, oil, juices, milk, etc.
- Bottles for detergent, soap, miscellaneous products
- Tubes for cream, sauces, syrups, etc.
- Plastic or polystyrene packages, transparent boxes, food packages
- Food trays (eggs, ice cream, etc.)
- Containers for yoghurt, cream cheese, desserts
- Netting for fruit and vegetables
- Containers for various product packaging (cosmetics, wet wipes, powdered products)
- Pots for plants (maximum diameter 15/20 cm)
- Envelopes and bags for food in general
- Plastic from packing (wrapping for bottles, toilet paper, etc.)
- Polystyrene (if large, reduce the size)
- Empty blister packs for medication

### CANS

Cans means all packaging in aluminium or steel

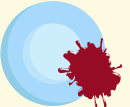

Cans means all packaging in aluminium or steel

- Tins and cans for food (tuna, meat, vegetables, animal food, etc.)
- Aluminium cans for soft drinks
- Empty paint cans
- Tops and screw-on caps
- Aluminium trays for food
- Aluminium tubes (mayonnaise, creams, etc.)
- Aluminium foil (tin foil)
- Spray/aerosol cans (only if there are no danger symbols displayed on the packaging: Flame, Skull and X)

### **NO** Containers with hazard symbols:

Take this waste to the municipal recycling centre so that it can be disposed of with hazardous materials.

**Remove food residue!**  
**Do not wash waste containers!** Remember to just empty them carefully before throwing them away.

**Crush plastic bottles** and screw the cap on to **reduce their volume**

**CAUTION!** Always check the **product label** if you have any doubt about correct recycling.

### **NO** Toys

Dispose of non-electronic toys in the bin for Dry Residue Waste

### **NO** Nappies

Dispose of them in the bin for Dry Residue Waste

### **NO** Stationery

Dispose of it in the Dry Residue Waste

### **NO** Tetra Pak

Dispose of it in the bin for paper

### **NO** Disposable cutlery

Dispose of it in the Dry Residue Waste

### **NO** Electronic devices

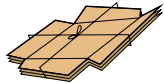

Take them to the Municipal Recycling Centre

## PAPER AND CARDBOARD

Use  
the **White bin**

- Newspapers and magazines
- Brochures and flyers
- Old exercise books
- Paper bags
- Pizza boxes
- Paper tablecloths
- Scratchcards
- Tetra Paks (*iced tea, milk, fruit juice cartons*)

### Break the boxes!

Crush and fold cardboard boxes to reduce their volume.

### What about pizza boxes?

They should almost always be disposed of with the paper. If the base of the box is very greasy or too dirty, then they should be broken up into small pieces and disposed of with the organic waste.

### Plastic bags are not paper!

If you collect paper in plastic bags, empty the contents into the White bin and dispose of the bag in the bin for plastic waste.

### Some of the most common mistakes to avoid:

#### NO Receipts

Dispose of them in the Dry Residue Waste

#### NO Paper towels

Dispose of them in the Organic Waste

#### NO Adhesive tape / packing material

Dispose of them in the Dry Residue Waste

#### NO Wax paper

Dispose of it in the Dry Residue Waste

## GLASS

Use the **Blue bell-shaped containers** located just outside the historic city centre

- Bottles, flasks, and glass jars (remove steel and aluminium caps/lids)

### What if the item is very large?

Take large items, such as demijohns, to the Recycling Centre.

### Remove any trace of food or liquids!

Glass bottles and jars should not be washed, but as a general rule, they should be emptied thoroughly. Labels do not have to be removed.

### Some of the most common mistakes to avoid:

#### NO Glasses

Dispose of them in the Dry Residue Waste

#### NO Light bulbs

Dispose of them in the Dry Residue Waste

#### NO Neon lights

Take them to the Municipal Recycling Centre

#### NO China

Dispose of it in the Dry Residue Waste

#### NO Mirrors

Dispose of them in the Dry Residue Waste

#### NO Plate glass

Dispose of it in the Dry Residue Waste

# DRY RESIDUE WASTE

Use the **Green bin**

**Dry Residue Waste does not mean that you can mix the waste and avoid sorting it!**

You can only dispose of the **waste that cannot be sorted in this bin.**

As for example:

- Nappies, pads and bed-wetting pads
- Sanitary towels
- Plastic cutlery
- Rubber and plastic toys
- Coffee capsules made of hard plastic
- CDs, DVDs, music cassettes and video cassettes
- Objects in ceramics, porcelain, Pyrex
- glass and glass-ceramic
- Dust from vacuum cleaners or house rubbish
- X-rays, photographic films and slides
- Incandescent lamps
- Pens, felt pens and stationery in general
- Toothbrushes and sponges
- Wax, laminated and thermal paper (receipts, etc.)
- Baking paper, dirty paper and wet wipes
- Tights and stockings
- Cigarette butts (extinguished)
- Straws
- Disposable masks and gloves
- Mirrors and crystal
- Cups made of glass
- Pet litter

## Some of the most common mistakes to avoid:

### **NO** Organic waste

Dispose of it in the bin for Organic Waste

### **NO** Paper and cardboard

Dispose of it in the bins for paper

### **NO** Plastic

Dispose of it in the bins for plastic

### **NO** Wood ash

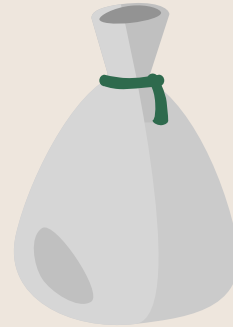

Dispose of it in the bin for Organic Waste (extinguished)

## ORGANIC WASTE

### Use the **Brown bin**

- Fruit and vegetables waste
- Meat and fish in small pieces
- Dairy products
- Egg shells
- Grounds of tea and coffee or of other infusion drinks
- Paper napkins or tissues
- Sawdust and wood ash (with no embers and packaged)
- Absorbent kitchen roll (damp or oily)
- Leaves and soil
- Mussel and clam shells or other shellfish

**Close the bag well!**  
Dispose of the waste only after placing it in biodegradable and/or compostable bags.

### **NO** Cat litter

Pet litter should generally be made of silicone (or similar) and disposed of with the Dry Residue Waste unless otherwise specified on the packaging (some litters are biodegradable and/or compostable)

### **NO** Nappies

Dispose of them in the bin for the Dry Residue Waste or Dedicated service

### **NO** Plastic bags

Dispose of Organic Waste in biodegradable bags and not in plastic bags
